

Village Hall

Tuesday 16th July - AGM at 7.30. Anyone wishing to attend would be more than welcome.

Volunteers. We do expect a couple of Members of the Village Hall Committee to step down at the AGM as they no longer live in the village. On behalf of the community, we'd like to thank them for everything they have contributed and for staying on for quite a while after they moved.

That means we have **at least two vacancies** that we need to fill urgently. If you would like to get involved in helping to keep the village hall as such a great asset for our community then please call **Jackie on 680302**. There's really not a lot to it - we meet once a month for an hour or so to review things to do with the running and upkeep of the hall and now and then help out with setting up chairs and tables and running the bar for village hall events. It won't take up too much of your time, it's a very good cause and we try to have a bit of fun too. So PLEASE, we'd love to hear from you.

Community Fruit Garden Some of you may have seen the new bench, funded by the Parish Council as part of our tenth anniversary celebrations of the new village hall, that has been set up in the far corner of the car park, next to the Community Fruit Garden.

The fruit bushes and trees were planted at the end of last summer and several are producing fruit now. Everyone is welcome to help themselves to the produce - but you might need to be quick before the birds beat you to it! So why not wander up, pick some fruit, have a sit on the bench and enjoy the wonderful view of the hills - all for free!
